Dear Ms. Parker:

The last Fed Ex I received from your office was the one sent March 17, 2004, the motion to strike my declaration in support of my opposition to Scientology's summary judgment motion.

Mr. Wilson appears, by the electronic copy, to have executed that particular proof of service, for the missing settlement conference statement, so you can rest assured it wasn't your fault.

Apparently he said in court yesterday that he had not received the statement I had e-mailed him, so could you take a look under his computer and see if perhaps my e-mail slipped off a drive or something and is lying on his floor.

Yes, I did this on March 25, 2004. I forwarded you the e-mail and attachment sent to Mr. Wilson. There is no reason I can think of you haven't received the Express mailed copy.

Sorry for any inconvenience to you whatsoever.

Yours sincerely,

Gerry Armstrong

>Thank you, Angela
